- The University Athletic Association, Inc. has contributed \$9.5 million since 1988 to the University for academic endeavors.

PRESS BOX

Entrance to Press Box – Enter the Press Box via the Press Elevator that is located midway at the base of the West Stand (press box side of the field). This elevator will go to all levels of the press operation. "Press Will Call" will be located in the press elevator lobby at street level. You will pick up late request credentials and parking passes here as well as photo access credentials/passcards.

Press Box Levels – There are seven levels in the Florida Field Press Box: 1) President's Deck which houses a lounge for the University President and his guests; 2) But Gator Gals; 3) Working Press Deck print media and media writing; 4) Coaches Scouting Booths, Television Network Home and Working Radio Networks; 5) Photo and Video Deck including coaching lines for both teams; 6) Luxury Box Level; 7) Luxury Box Level.

Working Press Deck (Level 3) – This level is reserved for media writing and editorial operations. Fax Service is available. We suggest that you let us know in advance what your needs in this area might be. Cell phone use. Several pay phones are available at the back of the press box which are used by editors of media mags. If you have concerns about meeting tight deadlines, we strongly encourage you to order your own phone (see section on telephones).

Television Networks, Radio Networks, Coaches Booth, Dining Area (Level 4) – This level is reserved for television networks that are doing the game or a fair of related facts. This level also houses the radio network for Florida and its respective opponent on game day. Each of the coaching staffs has one booth designed for issues. This level also contains the serving

and eating areas for media representatives only.

Photo Deck (Level 5) – This deck offers a spacious area for all video cameras that are covering the game. This area also will be used for filming by each of the coaching staffs. Security and Game Operation booths are also located on this level.

SIDELINES

The University of Florida follows NCAA and SEC rules regarding media representatives on the sidelines. Photographers and videographers are not permitted to shoot between the 25 yard lines and they must wear a photo armband at all times. The bench area between the 15 yard lines are off limits to all media reps. No credentials will be issued to free-lance photographers, sub-line writers, equipment carriers or radio station representatives except for the two originating networks. A "photo only" zone has been established on the Florida Field sidelines. Only people wearing a game photo armband with photo or video equipment will be permitted in this area. All other media representatives on the field (announcers, reporters, etc.) must stand behind the "photo only" zone. This will ensure that photographers/videographers have the appropriate and to-do their work.

CREDENTIALS

Press Box – All members of the media covering the game in a working capacity must have appropriate credentials in advance from Norm Carlson. We would appreciate receiving these requests as early as possible. Requests for working space in the press box and photo credentials for the sidelines will be honored

from Sports Editors at ONETV Newsletters and Sports Directors of Television Stations ONETV. Due to the heavy demand for working photo credentials, for radio stations are limited to immediate Gainesville associations and the two broadcast network views using the game. Any radio station looking in-game and post game reports can receive them by calling the SID Office in advance to make proper arrangements with our staff. Requests for working credentials must be made in advance in writing to Norm Carlson. Spouses, dates, relatives, family members, non-workers and anyone 16 years of age or younger are not permitted in the press box. Visitors will not be tolerated. Media agencies or individuals that violate the policy will not be issued credentials for future games.

Sideline Credentials – Media representatives with a game day sideline photo/video credential form must report to the Press Elevator Lobby prior to the game, where you present the appropriate photo and identification. A sideline photo armband will be issued at that time. Your game credential or armband will not get admittance to the photo zone on the sidelines. Media reps wearing a photo armband and carrying cameras will be the only people that will be permitted to enter the "Photo Only" zone on the field.

PRESS WILL CALL

Last requested game credential and parking passes that cannot be issued can be picked up at "Press Will Call" in the Press Box elevator lobby area. Game stand tickets that have been ordered by the media can also be picked up at the Press Will Call Window.

FLORIDA TELECOMMUNICATION SERVICES

MEDIA FAX-ON-DEMAND

Fax-On-Demand will be the fastest way to get UF's updated statistics, notes, rosters, injury report, depth chart, scouting reports and bio sketches. This system will also have daily football practice reports. Due to this new technology, UF's SID office will not be mailing out the traditional weekly media notes and stats package. If you need this information, simply call the SID office and we will issue you the appropriate phone number, passcode and menu options for Media Fax-On-Demand. We sincerely believe that this service will make your job easier and more efficient simply because you won't have to wait to receive the information in the mail or for us to fax the materials to you. You can get the information when you want it and get what you want.

GATOR ON-LINE BULLETIN BOARD SYSTEM (BBS)

GATOR BBS, a 24-hour on-line computer information network that will debut in September, provides updated information and statistics on the Gator athletic program.

Information available on the easy-to-use system will include schedules, results, rosters, and statistics as well as updated notes on each Gator athletic team.

GATOR BBS is a service of the University of Florida Athletic Association. The cost of the service is just the price of the phone call. There are no added charges. The phone number is (904) 375-4683, ... 14293.

Please note, menus for the various sports are seasonal.

minutes after the game. The locker will be open to all reporters. You can arrange post-game player interviews by filling in the appropriate request sheet in your press binder and returning it to a member of the Florida SD staff no later than the ten minute mark of the fourth quarter.

Procedures for coach and player interviews for Florida's opponent will be coordinated by the opponent SD staff. Opponent locker visits are located outside the southeast tunnel level of Florida Field.

FAX SERVICE

Please see page 3 for a description of the Fax-On-Demand Services. Fax service is also available in the press box to send information back to your agency at the conclusion of the game. There is a small fee for this service depending on the amount of information you want sent. Ask Dea, the fax service representative that will coordinate this service in the press box on game day. Please contact him or game-day to discuss your specific needs.

TELEPHONE INFORMATION

We strongly encourage you to make sure that your phone needs are met before game-day. Telephone orders for lines should be placed directly with Southern Bell (Susan Fisher 904-655-6044). Remember, you must place separate orders for your phone line and for the appropriate equipment or you must bring the appropriate equipment with you. The SD office will not be able to help you with a phone line or with equipment on the day of the game. You should take care of those matters in town as possible. A bank of wall phones are available to the media on level three of the press box (print media and statistical operations). The SD office also has a few other phones that it uses for fax service and radio reports. Once again, if you envision tight deadline problems we strongly encourage you to order your own line as the SD phones, fax phones and the wall phones available to the media are in almost constant use for two hours after the game.

COACH SPURRIER INTERVIEWS (GAMEWEEK)

The best time to interview Coach Spurrier on the telephone is 11:00-11:30 on Monday, Wednesday and Thursday. He will normally return calls during those time frames. Please coordinate all requests for phone and personal interviews with Coach Spurrier with Hiram Carlson in the SD office. This is important during the season with Coach Spurrier serving as head coach, efficient coordination and Q&A with the media schedule must be coordinated. On every Sunday prior to a game the upcoming Saturday Coach Spurrier will conduct an informal fence call at 2:00 p.m. ET with media representatives. Every Tuesday Coach Spurrier will conduct a press conference at Florida Field. He will do radio and TV interviews from 12:15 until 1:30 at Florida Field and then conduct a post-press conference for all media representatives in the Gator Room from 1:45-1:55. He will also take part in a SEC teleconference each Wednesday morning at a time to be announced. Coach Spurrier will also be available to the media each day after practice.

PLAYER INTERVIEWS (GAMEWEEK)

All player interviews must be coordinated with the Sports Information Office. We strongly urge you to conduct your personal interviews on Monday from 3:15-3:45 (south east zone conference room) and Tuesday from 11:00-12:30 (Florida Field) as well as after practice. Interviews will take place on the practice field at the conclusion of practice. If it can possibly be done, short interviews with television stations can be conducted prior to the start of practice. Please call at least one day in advance for phone interviews. A note will then be left in player's locker asking him to return your call. All player interviews will conclude on Tuesday at 3:00 p.m. The Florida SD office will also conduct a teleconference with 2-3 players each Wednesday at a time to be announced. Team locker rooms and training areas are considered private team areas. These areas are off limits to media representatives unless accompanied by SD office personnel.

GATORS SEEK TO THREEPEAT

The Florida Gators are looking to win their third consecutive national championship in 1995. The team, coached by Steve Spurrier, has won the title in 1993 and 1994. The Gators are currently ranked No. 1 in the nation and are expected to be a strong contender for the title again. The team's success is attributed to their strong defense and offensive line. The Gators are looking to continue their winning streak and bring home another national championship.

"The task ahead of the Gators in 1995 won't be an easy one as they seek to win a third straight outright SEC title and finish among the nation's top ten teams once again. For just the second time in the history of the SEC a league school will have to play five conference games on the road. The SEC is once again expected to flex its power in 1995 as four conference schools (Florida, Auburn, Alabama, Tennessee) were ranked in the Football Writers Association of America early preseason top ten poll. The SEC was the only conference to have more than one team ranked in the top ten of that poll."

OFFENSIVE LINE

The offensive line is the backbone of the offense. It is responsible for protecting the quarterback and creating running lanes for the running backs. The offensive line consists of five players: the center, two guards, and two tackles. The center is the player who snaps the ball to the quarterback. The guards are the players who are closest to the center. The tackles are the players who are on the outside of the line. The offensive line is a crucial part of the offense, and it is important for the players to work together to protect the quarterback and create running lanes.

Five starters return to a defensive unit that ranked 10th in the nation in 1994 in rushing defense. This will be the second year of the Multiple 40 defense installed by coordinator Bobby Pruitt last year. The focus in '95 is to perform just as well in these areas (rushing defense, third down defense, tackles for loss) while continuing to show improvement in the pass.

An argument could be made that Florida's interior line in 1994 was as good as any in the nation. Experienced and talented seniors dominated the play of this group. The three departing seniors, end Kevin Carter and tackles Ellis Johnson and Henry McMillan, started a combined 84 games at Florida. COACH SPURRIER'S COMMENTS ON 1995

DEFENSIVE TEAM

END

INSIDE LINERACKER

"We worked very hard this spring at getting better execution of assignments and Coach Pruett and the defensive staff believe we made a lot of progress. The players increased their overall knowledge of our defensive scheme. We should have more speed and quickness on defense and we want to make more big plays."

NICKELBACKER

CORNERBACK

'We need to get our offensive line intact and settled with the changes of Jeff Mitchell to center, Reggie Green to left guard and a new starter at right tackle in Mo Collins. If they come along as expected we have the experience and ability at quarterback, running-back and with the receivers to be a good offensive team. Hopefully we will be able to run the ball a little better than we did last year and I believe we will have an excellent passing game again.

"Coach Spurrier is a true player's coach. He's been on the field at Florida. He allows the players to make many of our own decisions, but he expects a tremendous amount of effort, support and productivity when it comes to playing time. It was a privilege to play for him."

—DT BRAD CULPEPPER

1984 All-SEC Defensive Lineman

"I really admire Coach Spurrier's ability to motivate the team the way he does. He is also the type of coach that you can easily talk to. He looks out for his players and he allows you to have fun within the rules."

—TLB CARLTON MILES

1981 All-SEC Defensive Lineman

"He is the perfect head coach. He really cares about his players and has a knack for bringing out the best in each member of the team. It was a real delight and privilege to play under him."

—QB SHANE MATTHEWS

1982 All-SEC Quarterback

"His philosophy is kind of an all-out assault like a full-court press in basketball. It's relentless pressure. And he strives for perfection. Of course, you never achieve it, but it's one of his goals."

—TOM WHEATLEY

1981 All-SEC Quarterback

"I admire his rapport with the players and he is an excellent coach. He is a brilliant offensive coach."

GATOR DEFENSIVE SYSTEM

ATTACKING, HARD HITTING & AGGRESSIVE

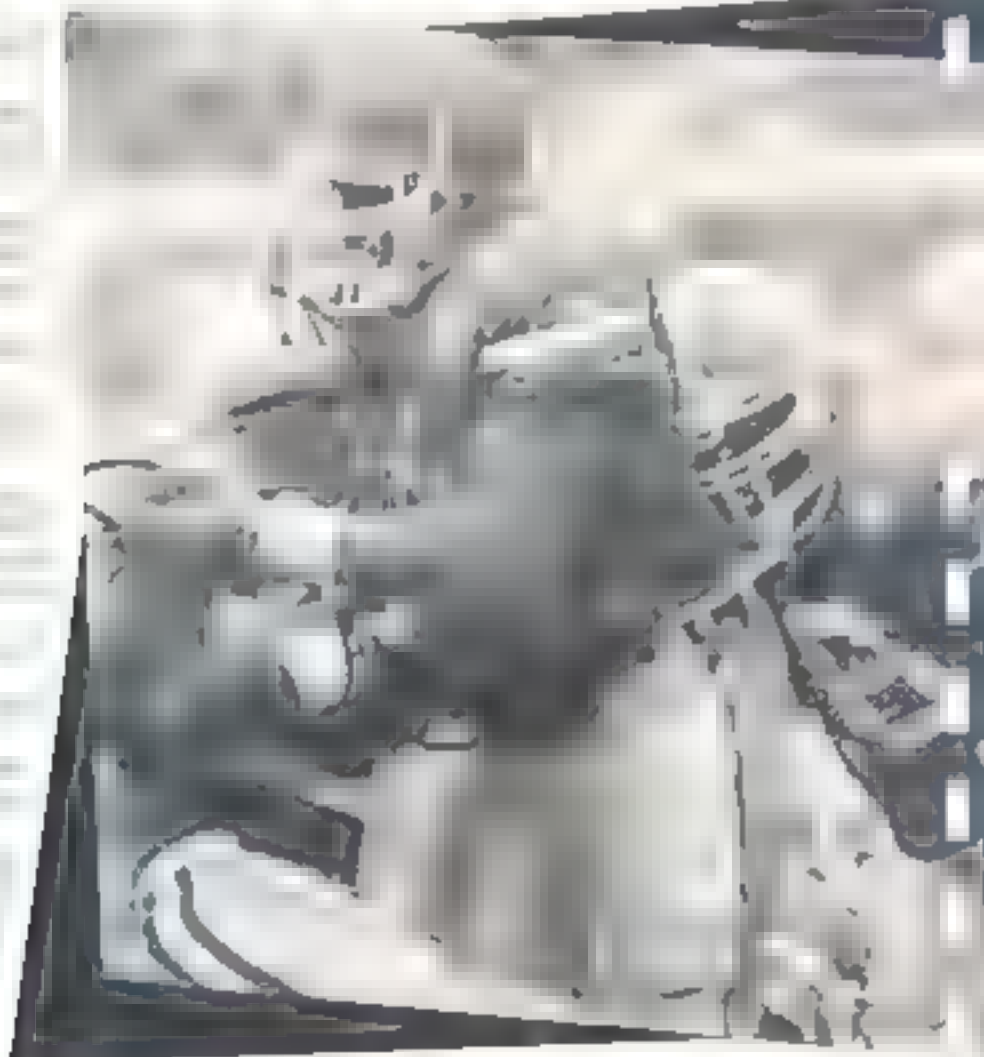

BOB PRUETT

FLORIDA'S DEFENSIVE TRADITION

FIVE TIMES IN THE LAST TEN SEASONS THE GATORS HAVE RANKED AMONG THE NATION'S TOP TEN TEAMS IN TOTAL DEFENSE

All of the defensive players like our system because it lets each player's talent show. It's fun to play because we play defense with an offensive mentality. We attack and try to make things happen instead of letting the offense dictate things to us. It's so much fun to play in this defense."

— LARRY KENNEDY

Defensive Back 1981-84
1994 First-team All-SEC

He makes an average of 100 tackles per game, a mark that sets a school record for the SEC and ranks him 10th in the nation. The Gators have not lost a game in the important defensive half of the field in the last six seasons.

"Defensively, we want to develop a characteristic of being an aggressive physical team which swarms to the football with the goal of turning it over to our offense. Obviously team speed is a high priority. We want to be fundamentally solid but willing to take calculated aggressive moves to disrupt offenses. I think the players who are involved in this defensive scheme will have fun playing the game."

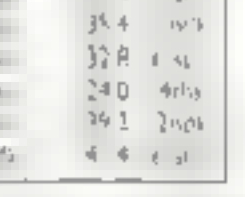

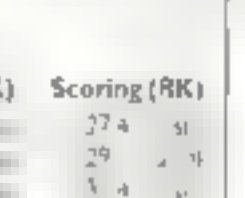

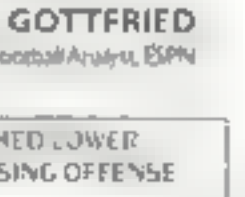

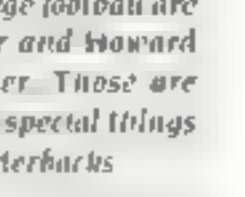

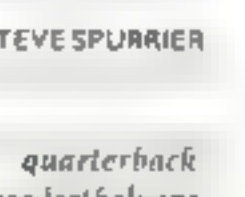

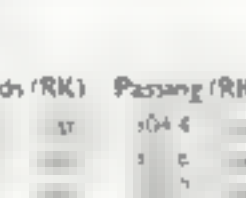

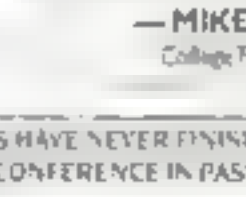

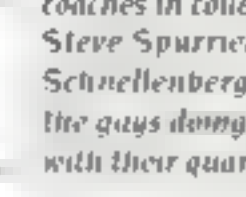

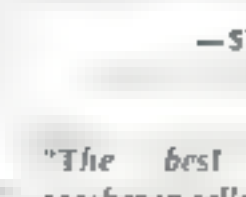

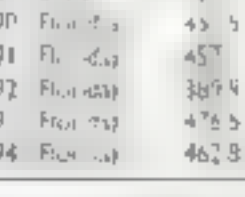

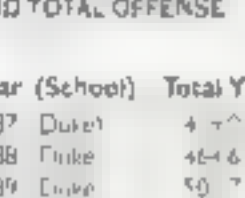

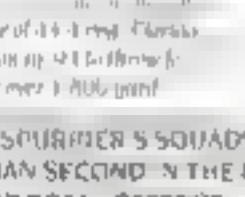

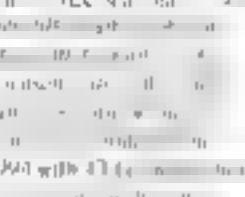

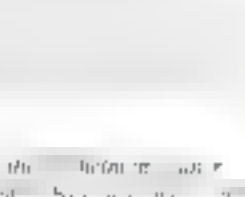

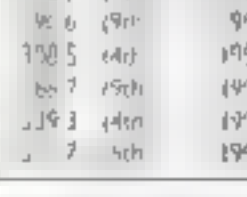

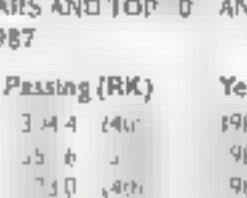

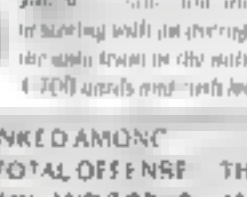

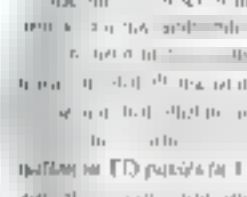

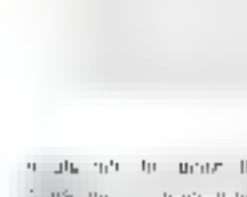

— STEVE SPURRIER

UF Head Coach

Florida's defense is a formidable force. The team's defensive line is a key component of its success.

"The best quarterback coaches in college football are Steve Spurrier and Howard Schnellenberger. Those are the guys doing special things with their quarterbacks."

SPURRIER'S SQUADS HAVE RANKED AMONG THE NATION'S TOP 15 TEAMS IN TOTAL OFFENSE IN SEVEN OF THE LAST EIGHT YEARS AND TOP 10 IN PASSING EVERY YEAR SINCE 1987.

SPURMER'S SQUADS HAVE NEVER FINISHED LOWER THAN SECOND IN THE CONFERENCE IN PASSING OFFENSE AND TOTAL OFFENSE.

When you look at the system that has been established here you see how much that it does for the players. As a player you know that you will get a chance to score alot of points and touchdowns. It's easy to see how so many records have been broken. In Coach Spurrier's first few years here alone.

—WR JACK JACKSON

SEC's all-time leader with 29 career and 15 seasonal TD catches — 1994 First-team All-American

Florida's offense is led by quarterback Steve Spurrier, who is shown here running with the ball. Spurrier is a two-time SEC Player of the Year and a two-time Heisman Trophy winner.

"No matter who the quarterback is at Florida, he'll put up big numbers because of the system. Coach Spurrier is simply a great teacher."

— SHANE MATTHEWS

990 and '99 SEC Player of the Year and
Heisman Trophy winner

"I know one thing. If I were a top high school quarterback, I would definitely go out for Steve Spurrier. If you have the ability, he will get you ready for the NFL."

— DON ANILE

Director of College Scouting
for the Cleveland Browns

"Florida is known as a passing team, but we can run the football effectively, too. The 'Fan-A-Gun' offense had the SEC's leading rusher in Ernie Rhett in 1991 and 1993, and it was one of only two units in the nation in 1993 to break for over 3,800 yards and have a back rush for more than 1,200 yards. Under Coach Spurrier, Ernie Rhett became Florida's all-time leading rusher and the third top rusher in SEC history. Those facts show that this is not a one-dimensional offense."

FLORIDA FOCUS

- The University of Florida is the first school in the history of the NFL Draft to have at least one player selected in the first-round of the draft for nine consecutive years. At least one top-10 player was selected in the opening round of the draft each year from 1985-9. During that nine-year period, 1985-9, Florida also led all schools in the nation with 13 total first-round draft selections.
- The University of Florida—the only member school of the Association of American Universities—the nation's premiere organization of higher education—has had its football team ranked in the Top Ten in the first Associated Press Poll in each of the last four seasons.
- The University of Florida ranks fourth among all U.S. universities in patents issued.
- Florida's 35-6 record in SEC play since 1990 ranks first in the Conference this decade.

FLORIDA FOCUS

■ The University of Florida is one of just nine schools among the combined universities in the Southeastern Conference, Atlantic Coast Conference, Southwest Conference and Southern independents that has been admitted to the Association of American Universities, the most prestigious organization in higher education. The only other schools from these four groups mentioned above that have gained admittance to the AAU are Duke, North Carolina, Maryland and Virginia of the ACC, Vanderbilt of the SEC, Texas and Rice of the Southwestern Conference

and Wake among southern independents. Nation-wide, only 38 of over 1,200 colleges and universities in the country are members of the AAU.

■ Since Steve Spurrier arrived in the Gator program in 1990, the Gators have been ranked in the weekly AP Top 25 Poll 82 of a possible 93 times, including each of the last 82 ranking weeks.

■ The College of Business Administration's Fisher School of Accounting is ranked seventh nationally in undergraduate programs and fifth in graduate programs.

Dear Prospective Student Athlete

"We encourage young student-athletes to join us at the University of Florida where we take great pride in the academic and athletic success of our students. Student-athletes at the University of Florida enjoy the benefits of superb facilities but more importantly, they join programs headed by exceptional coaches. Head football coach Steve Spurrier like all of us at Florida, has committed himself to develop a first class football program that reflects the quality and pride of players and that inspires the respect, admiration and pride of faculty, students, alumni and friends of the university.

— DR. JOHN LOMBARDI

PROFESSOR

It is the goal of this program to become the nation's premier program. Our genuine commitment to excellence in academics, athletics, facilities, health care, student life, academic support and fan support is the foundation for this goal. This is an outstanding institution that has everything you as a student-athlete could possibly want or need to further your academic and athletic goals. We are second to no one in terms of quality faculty and coaches whose commitment to excellence will match yours. The "Florida Experience" will be one you never forget and will set the standard for the remainder of your life.

— JEREMY FOLEY

DIRECTOR OF ATHLETICS

We are seeking players who want to combine the best in athletics and academics. Florida football is a positive experience playing in a sold-out Ben Hill Griffin Stadium in front of over 84,500 fans each week and competing for a championship at the highest level in the nation's best conference—the SEC—and playing on network TV over 75 percent of the time. Combine all of that with a degree from the University of Florida—the highest ranked state university in the south—and you can achieve the ultimate college experience for a student-athlete."

BEST OF BOTH WORLDS

The Facts Show That The University Of Florida Is Indeed One Of The Very Few Schools In The Nation That Ranks Among The Elite For Both Academic And Athletic Achievement

"THE BEST OF BOTH WORLDS"

The facts show that the University of Florida is indeed one of the very few schools in the nation that ranks among the elite for both academic and athletic achievement.

An independent study, conducted from 1982-94, which was published in the June 26, 1998 issue of the NCAA News named the University of Florida as one of six schools in the nation as having the best mix of academic quality and athletic success. Completing the elite group of five schools named in this study were Penn State, Southern Cal, Stanford, Texas and UCLA.

The University of Florida professors, William H. Dabbs and William H. Dabbs, took their study beyond merely ranking the University of Florida with high academic rankings and ranked its academic programs in the nation's elite.

The University of Florida's academic programs have been ranked by the U.S. News and World Report as one of the nation's top academic universities.

Dabbs and Henshaw researched Division I and II programs, the percentage of students who have been named to national championship and national championship participation. The number of athletic teams competing and number of individuals qualifying for NCAA championship events were compared against a 1998 U.S. News and World Report ranking of the nation's top academic universities.

I was fortunate to be recruited on a national basis and I can honestly say that Florida's facilities are second to none. Everything and I mean everything is first-class. What makes it all the better is the fact that you have everything here: the dining room, dorm room, training facilities, work-out room and locker room. The convenience factor combined with the quality of everything makes the facilities exceptional."

"The quality and convenience of the facilities is one of the reasons why I came to UF. There aren't too many schools that can compare to Florida in this regard. You always had a sense that people were taking care of the exceptional facilities and looking for ways to make them even better. I really don't think that there is another school that can top Florida."

SUPERLATIVE SUPPORT

As The Facts Show, Florida Is Unquestionably The Leader In The Sunshine State In Demonstrated Fan Interest And Support And It Clearly Stands With The Nation's Elite In Those Important Categories

Florida football is more than a sport. For hundreds of thousands of fans in the Sunshine State it is an obsession, their enthusiasm and loyalty which they demonstrate time and time again, has elevated Florida football to a level where it unquestionably ranks as the most supported team in the state and indeed among the most supported in all of college football. That support and interest still continues to grow and led to a 10,000 seat expansion of Ben Hill Griffin Stadium in '99, which raised capacity to over 84,000 and elevated the Gator program to the highest echelon of support in the nation.

And it's only the beginning. With a proven record of support that has elevated it all around.

In 1994 Florida was the only team in the nation to lead off its 1995 season with a sold-out home game.

- In each of the four seasons Florida has ranked among the nation's top five schools in average home attendance.
- Over the last 13 years Florida has ranked among the top ten percent of all teams in the nation in attendance.
- In 1986 Florida became the first organization in Sunshine State history, collegiate or professional, to sell every ticket to every home game prior to the start of the season. This achievement has been matched by Gator fans several times since.
- From 1985-90 Florida sold 100% of all available season tickets (62,000) prior to the start of the season. This year of sales generated a record \$1.5 million in additional revenue in 1991, increasing the number of available seats to over 70,500.

- Florida's home games have drawn crowds of more than 80,000 in each of the last 22 home games. During that time period 1991-94 alone football parking receipts in the state played before home crowds of more than 80,000 just once.
- UF has participated in each of the 20 largest in time to top attendance games in state history (regular season college and pro games, bowl games, pro playoff and Super Bowl games).
- Florida sells over 70,000 season tickets, more than any other college or professional sports team in the nation of Florida.
- Coach Bowden will be again selected to join the Academic All-American team by the media and fans of the All-American student-athletes and starting with a new, more comprehensive academic program for all student-athletes.

0-10 members and a leader in the state's support of its mission.

You come to realize that this is the state of Florida's team.

*1990 Heisman Contender
1990 National Champion*

The tradition and success of the Southeastern Conference runs long and deep. Established in 1933, it has rightfully achieved a distinction for national respect that places it right at the very top of college football. Twelve national championship teams, 266 combined bowl appearances and six Heisman Trophy winners are but a few of the outstanding achievements that the SEC has jointly achieved over the course of 62 years.

TRADITION AND HERITAGE

Impressive Team And Individual Achievement Have Built A Solid Heritage With An Even Brighter Future

Football tradition and heritage comes over time. It results from a steady flow of achievements through the years that together eventually stamp a program with an impressive list of accomplishments. As the following facts point out, the University of Florida is one of those schools that has compiled an impressive list of accomplishments and achievements.

- Florida was a charter member of the prestigious Southeastern Conference when it was formed in 1933. It played in the first three SEC Championship Games in 1992, 1993 and 1994.
- Six times in the last 11 years UF has finished first in the SEC standings.
- QB Steve Spurrier was the recipient of the 1966 Heisman Trophy and line backer Victor Marshall was named the "National Defensive Player of the Year" in 1983. Five UF players have finished in the top 10 of the Heisman balloting.
- Ninety-five (95) different Gator players have achieved All-America recognition, including 60 alone since 1980.
- Twenty-four Florida players have been selected in the first-round of the NFL Draft.
- Florida was named the 1984 National Champion by both The Sporting News and the New York Times after its 9-1 season.
- Twenty-two bowl game appearances.
- One-hundred and twelve (12) different players have earned first-team All-SEC honors.
- Florida has ranked among the nation's top 15 schools in average home attendance in each of the last 13 years, including a top five national ranking each of the last four seasons.
- Florida has been ranked in the Associated Press Top Twenty Poll at some point in the season in 39 of the last 44 years.
- Florida has posted the best record in the tough Southeastern Conference six times in the last 11 years (1984 '85 '90 '91 '93 and '94 seasons).
- From 1983-9, Florida had at least one player selected in the opening round of the NFL Draft, the only school to achieve that distinction during that nine-year period and the only school in the nation to achieve that feat in its first-round success since the NFL Draft began in 1936.
- From 1983-91 Florida had 13 players selected in the first-round of the NFL Draft, the most in the nation over that 10-year period.
- In 1989 the University of Florida was the only school in the nation to have three players selected in the first-round of the NFL Draft.
- Ben Hill Griffin Stadium at Florida Field is the largest stadium in the state of Florida and one of the premier stadiums in the nation.

One of the primary reasons why I and so many others came to Florida is because of the tradition. When you see the list of players that have played here it truly becomes an honor to play on the same field as they have. Coach Spurrier is one of these great players who is now adding to Florida's impressive tradition with his sporting achievements as a coach. What's really exciting is the fact that everybody believes the best is yet to come."

— LARRY KENNEDY

An SEC Defensive Back, 1994

The University of Florida is a charter member of the National Heisman Trophy Club.

Winning championships and being ranked among the nation's finest teams each year has become a common occurrence since Steve Spurrier arrived as head coach in 1990.

- UF was one of only two teams in the nation to rank in the top ten in the final AP Poll in each of the 1992, 1993 and 1994 seasons.
- Over 130 UF players have gone on to play in the NFL.
- At least one Florida player has participated in 15 of the 29 Super Bowls that have been played.
- When Neal Anderson (Chicago) and John L. Williams (Seattle) were selected in the opening round of the 1986 NFL Draft, it represented the only time during the decade of the 1980's and the first time since 1970 that two runningbacks from the same collegiate team were both selected in the first round of the draft.
- At least one University of Florida player has earned first-team All-America honors in 14 of the last 15 years.
- Florida's 72-11-2 record at home since '96; and its 29-2 record since '99 rank among the nation's very finest.

A big part of UF's tradition is the number of former Gators who have gone on to success in the NFL and its unmatched record with regard to the first-round of the NFL Draft. From 1983-91 the Gators had 13 total players selected in the opening round of the draft, the most for any school in the nation over that nine-year time period. With at least one player selected in the opening round of the draft each year from 1983-91 Florida became the first, and only, school in the history of the NFL Draft (started in 1936) to have a player chosen in the first round for nine consecutive years.

INCREDIBLE MEDIA ATTENTION

*Every Aspect Of Modern Mass Media Communications
And Technology Is Present In Such A Large Manner That
The Florida Squad And Gator Players Are Assured Of
Always Being In The National Limelight*

The media attention and exposure associated with the Florida football program is nationally renowned. The Gator program has a reputation around the country for being one of, if not the most intensely covered collegiate teams in the country. The daily media attention assures that the Florida team and its players receive incredible media and public exposure.

As the facts below demonstrate, very few schools in the nation can match the University of Florida's high media profile.

- Since 1982 every Florida football game except one has been televised on either a live or delayed basis. In short, 54 of UF's last 55 games have been televised.

- In 1990 and 1991 the University of Florida appeared on national TV eight times each season.

- In 1992 and 1994, ten of UF's 13 games appeared on live network television, while nine of 13 games were televised on network TV in 1993.

- In 45 of its last 62 games, Florida has appeared on live network television. In short, over the last five seasons under Steve Spurrier, 73% of all UF football games have appeared on live network television.

- Eight of the ten largest newspapers in the South and Southeast are located in the Sunshine State and cover the Gator program daily.

"The media attention at Florida is more than you can imagine. Media representatives came from all over to cover the program daily. There never is any question in your mind that team and individual performances won't receive the maximum amount of attention."

Florida's national television profile is unquestionably one of the highest in the nation. Counting tape-delayed telecasts, every UF game but one since 1982 has been telecast (54 of a possible 55 games). In each of the past five seasons, Florida has had at least eight of its games selected for live network television, including ten live appearances during the 1994 season. Forty-five (85) of Florida's 62 games (an amazing 73%) under Steve Spurrier have appeared on live network television. The SEC's new TV contract with CBS, starting in 1996, ensures even more national exposure for UF and the SEC.

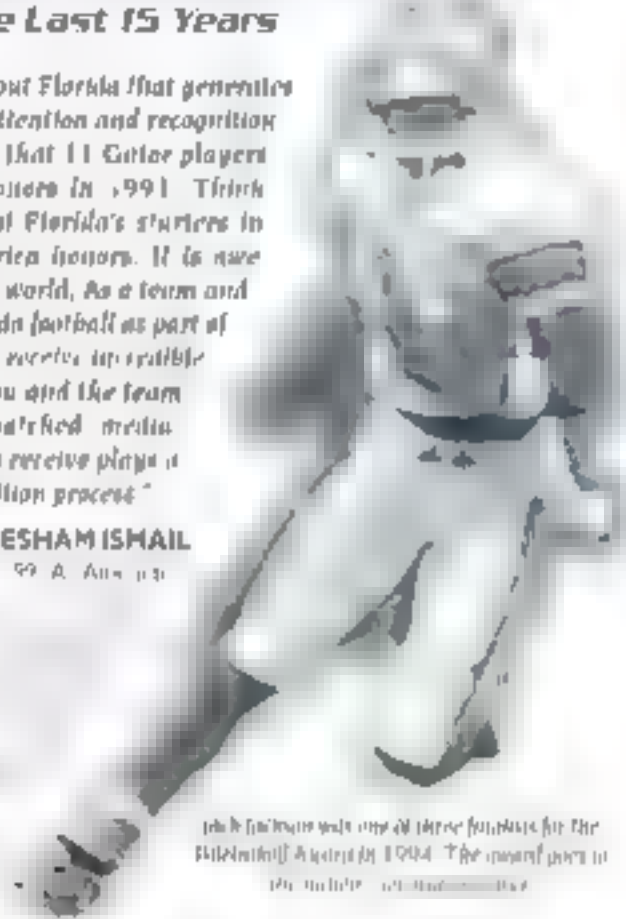

RECOGNITION

An Average Of Eight Gator Players Have Earned All-America Recognition In Each Of The Last Five Seasons. At Least One Gator Player Has Earned First-Team All-America Honors In 14 Of The Last 15 Years

There is something about Florida that generates incredible amounts of attention and recognition as evidence by the fact that 11 Gator players earned All-America honors in 1991. Think about that. One-half of Florida's starters in 1991 earned All-America honors. It is awe some simply out of this world. As a team and individual, having Florida football as part of your life means you will receive incredible recognition for what you and the team accomplish. The unmatched media attention Gator players receive plays a huge role in this recognition process."

GAMEDAY AT "THE SWAMP"

The Atmosphere At Florida Field On Gameday Ranks With The Most Vibrant And Electrifying In All Of College Football

All of the greatest emotion, dedication, passion, loyalty and commitment that makes Gator football so special manifests itself on gameday at the Swamp. The rare, captivating mix of Gator football and the unwavering fan loyalty and passion, turns beautiful Florida Field — truly one of the nation's great spectator stadiums — into a sea of orange and blue emotion and support that is hard to fully describe.

Suffice it to say that Florida students, alumni and fans truly believe that they are indeed the 24th man on the field. They have played a very large contributing role in the Gators' sparkling 72-

2 record at home since the 1950 season with a 19-2 record. The Swamp did it again.

The sheer on-field participation and electric atmosphere that is created at Florida Field on gameday has become widely renowned. In 1987, the stadium was named "America's Stadium of the Future" as the most participative and electrifying environment in college football. The annual national competition for the award, the first in 1989, is usually first named "Florida Field." College football fans nationwide are drawn to the Swamp for the

"I'll always have so many fond memories of my years at Florida. Playing at Florida Field, however, will always remain something very special for me and all Gator players. Players from other teams always commented that playing here was the toughest place to visit, and that's because of the Gator fans. They are always there no matter what. At other stadiums the intensity of the fans was off and on, and one moment and then at other times you didn't really hear them. That's never the case at Florida Field. The fans are always supportive. They really are special and I'll never forget the feeling of running out the tunnel at Florida Field. It gives me the goose-bumps just thinking about it. I really had the time of my life out there."

—KERRY NELL
Quarterback (1984-87)

"More than anything, I remember all the Saturdays at Florida Field. I've played in many different stadiums, both in college and in the NFL, but nowhere is the pageantry and excitement like it is at Florida Field."

—TRACE ARMSTRONG
98th NFL First Round Draft Selection

The feeling of playing at Florida Field is really hard to put into words. It's just an incredible sensation. When you step onto Florida Field, you are ready to play the best game of your life because of the energy you receive from the crowd. The players and fans here really do have a special bond.

—CAL DIXON
99 All-American Corner

The National American Association of American athletes and the Gator faithful is the most participative and supportive home crowd in college athletics in the first year.

98% of national competition is at Florida. Since 1968, the Gator fans have made a significant contribution to Florida's success.

At the 1994 NCAA Football Championship Game, the Gator fans played a major role in helping Florida win the national title. In 1994, the Gator fans averaged over 85,000 fans per home game in 1994, a figure that ranked as the fifth best in the nation.

PARAMOUNT PERSONAL CARE

Support Staffs In Sports Medicine, Office Of Student Life And Physical Development Have Demonstrated A Total Commitment To Assisting Student-Athletes Reach Goals And Objectives

The University of Florida has evolved into one of the nation's premier schools for combining the "Best of Both Worlds" — a combination of superb academic and athletic attainment. The University sincerely appreciates the efforts of the hundreds of student-athletes who have built and perpetuated Florida's ever-growing national standing for achievement and excellence.

As a result of that understanding and appreciation for the efforts extended, the University and the University Athletic Association have made a demonstrated commitment to providing its student-athletes with not only the best facilities but also the best as it relates to academic and physical care and development. The Office of Student Life, sports health and strength and conditioning staffs are all nationally renowned in their respective fields. A new state-of-the-art academic center is being built. It will make UF's Office of Student Life, already nationally renowned for its superb service, even better.

Each department has a demonstrated commitment to assisting young men and women reach their goals and objectives in the classroom while also maximizing their potential as athletes. For each of these support staffs at the University of Florida their first and primary focus and concern is the student-athlete. They strive each day to create an atmosphere of personal care and concern that the student-athletes truly appreciate and respect.

As the comments on these pages show, Florida's student-athletes do indeed respect, admire and appreciate the paramount personal care that they receive. Their comments provide testimony that the University of Florida's drive, effort, dedication and commitment for providing first-class personnel care and direction is indeed admired and respected by its toughest critics — the student-athletes themselves and their parents.

Far too often, the balance between athletics and academics is overlooked in "Big Time" college athletics. I am proud to say this never occurred with me, and I am confident that the UAA (University Athletic Association) will continue to encourage both athletic and academic excellence."

— GARY ROLLE, M.D.

WR at UF 1982-84, National Football Foundation
Scholar-Athlete Award Recipient

"I enjoyed my playing days at Florida. I grew up in so many ways over those last few years, but most importantly I was taught skills in teamwork, personal responsibility and developing solid work ethics. If you only become a better player at Florida, then you are cheating yourself because the University of Florida will make you a more well-rounded individual if you take advantage of all that it offers, and it does indeed have a great deal to offer."

— ILB CARLTON MILES

'99, Defensive Co-Captain

The support staffs at the University of Florida are simply superb. As players we never found ourselves getting anything in that regard that wasn't the best and first-class in every sense of the word. Getting adequate care and concern was never a worry."

— CAL DIXON

'99, All-America Center

"The primary mission of the Office of Student Life is to provide quality programs and services that will assist students to reach their highest potential. The focus of our programs is to foster life-long learning and leadership skills which will direct student-athletes toward self-reliance, self-discipline, and responsibility for their own lives."

ACHIEVEMENT OFF THE FIELD

- UF set a all-time SEC record in 1994 when 19 Gator players were named to the SEC Academic Honor Roll.
- Florida was one of just four schools in the nation to have more than one player named to the 1994 GTE Academic All-America first team.
- Twice in the last four years (Brad Culpepper in 1991 and Michael Gilmore in 1994) Florida has had one of the nation's most honored scholar-athletes. Culpepper received the Draddy Trophy in '91, presented to the nation's premier football scholar-athletes, and Gilmore was one of just three players in the nation to

earn selection to the College Football Association's Scholar-Athlete Team in back-to-back years (1993-94). Gilmore was the state of Florida's lone national finalist for the Rhodes Scholar program in 1993.

- UF was one of 16 schools recognized by the College Football Association (CFA) in 1993 for graduating 70% or more of its players. UF was credited with an 81% graduation rate in that year's national survey.
- Florida's community involvement program (nicknamed "The Goodwill Gators") has received a White House commendation for volunteerism.

"All parents want the best for their children and we feel that the University of Florida is just that! Some memorable years of great football. Coaches and other support personnel who cared about student-athletes and their educational goals and strong leadership from President Lombardi makes the University of Florida the best choice."

—MARGARET AND DOW GILMORE

"Over the years at UF, I have seen many wonderful people of all ages and races. As for what I've learned, I've learned quite a bit. I have learned that it doesn't matter what race you belong to or your age, but rather the amount of hard work a person is willing to put into a project. I love my teammates and I thank God for the time I have spent at this university. It has taught me never to stop fighting and reaching for the best in myself and the people around me."

"The Office of Student Life was right by your side, day-in and day-out, to help you as you go through college and prepare for the future. The OSL staff is made up of caring, dedicated professionals. They truly care about you and your well-being. From the transition from high school to college to any assistance you might need regarding academic matters and your career, OSL is there. It was very reassuring to have professional-trained, caring people concerned about you and your well-being at all times."

(1991 All-America DE and NFL First-Round Draft Selection)

President Dr. John Lombardi, Director of Athletics Jeremy Foley and Head Coach Steve Spurrier pose with Gator defensive back Michael Gilmore who was named one of the nation's premier scholar-athletes the past two seasons.

"What great thrills we enjoyed when Chris was a Gator. The great wins on the field, the fun of the away-game trips, getting to know other players' parents and families, and of course, the championships. For years we admired the programs at the University of Florida - from a total distance. When Chris was a participant, the excitement was continuous and accelerating. From the beginning we were impressed with the coaches' friendliness and quiet confidence. They provided no far-out predictions or promises, only a winning effort. Every member of the athletic department staff we had reason to contact, we received friendly cooperation and assistance. The academic guidance and support Chris received provided its own rewards and was greatly appreciated."

—ED AND JUDY BILKIE

(son Chris was a fullback who graduated in August '94 and is now in Graduate School)

"The health care staff at Florida is truly made up of people that are tremendously dedicated professionals. They are really concerned about you and what is best for you at all times. You never have a doubt that you are getting the very best possible in terms of equipment, medical attention and treatment, physical development, and general preventive care. They will do everything possible to prevent an injury and if one happens, you never doubt that you are being taken care of by highly trained professionals in the very best facilities with the very best equipment. You always feel as if you are a member of their family. Just like your parents, they want and give you the best."

UNIVERSITY OF FLORIDA

The Gator football program, as well as the entire UF athletic program, has reached a level of achievement that equals the general all-around commitment to excellence exhibited at the University of Florida.

The University of Florida, a member of the select Association of American Universities—the most prestigious organization in higher education—was named one of the six premier schools in the nation for combining academic quality and athletic success in a decade-long independent study published in the *NCAA News* in 1992. Stanford, Penn State, UCLA,

Southern Cal and Texas joined Florida in this elite group.

Florida's overall athletic program has ranked among the country's ten finest in national all-sports rankings in each of the past twelve years. The Gator football program is one of only two in the nation to finish each of the last four seasons ranked in final AP Top Ten Poll and its 49 total wins since 1990 ranks as the fourth top victory total in the nation this decade.

The University of Florida, a special place with special people accomplishing special things.
